Experience and research have shown us that children whose parents get directly involved in their child's school and education are much more likely to reach their full potential. Volunteers make a big difference to the success of Lakeview. Thank you for the many ways that you find to help us.

Parents may choose to contribute a minimum of 20 service hours during the school year or pay a \$200 service fee. Qualifying opportunities can be found in this Volunteer Handbook. There are many opportunities to meet your service requirements and share your time and talents with the Lakeview students.

Please complete this form for each child and return it to their teacher or the school office by Wednesday, August 15th to let us know where you are willing to help.
